I'm a junior Full-Stack Developer completing a Post Graduate degree in Programming and Web Technologies. I have more than one year of experience and a proven knowledge of web development in JavaScript, Java, MySQL, Node, React, C++, Android, system design procedures in Agile, Scrum and advanced team work capabilities in Trello and Jira. I'm able to effectively self-manage during independent projects, as well as collaborate in a team setting. Committed to utilizing my skills to further the mission of a company.
